PT. ALPHA INNOVATECH INDONESIA

---

Director

Mukhafid

---

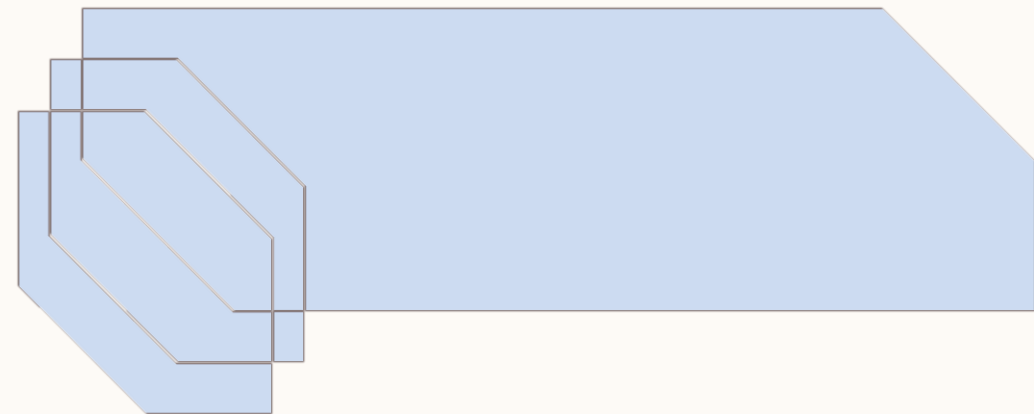

Commissioner

Hery Setiawan

# History

PT. ALPHA INNOVATECH INDONESIA was established at the of 2025. The founder's built in starting from our **experienced**, our **connection** and we can see best future.

Vision to expand business network, become a global leader in sales, service, technology development, delivering optimal for customer satisfaction.

# Philosophy

**Contributing**  
To a better future for all

**Reliability**  
Responding effectively to  
industry challenges

**Foresight**  
Creating a company that  
continues to grow sustainably

**Synergy**  
Developing high-value product  
through collaboration

# Our Vision

Actively contributing to the growth of innovative high-technology system in the industrial sector

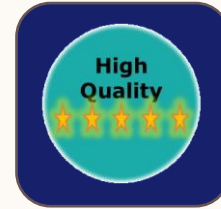

Creating positive impacts for society

Minimizing negative environmental impact while promoting sustainable business practices

# Our Mission

Delivery high-quality product and advanced technology

Ensure customer satisfaction

Create a positive, productive and innovative

Built strong and sustainable partnerships

Improve environmental performance

Exchange employee's quality of life

# Product & Service

Our team commitment to sell product with give positive impact for some aspect & follow to company permit.

**Good Service**

**High Quality**

**Professionals**

**Experienced**

**Innovative**

**Safety**

**Low Cost**

**New System**

# General Trading

Fastening Equipment

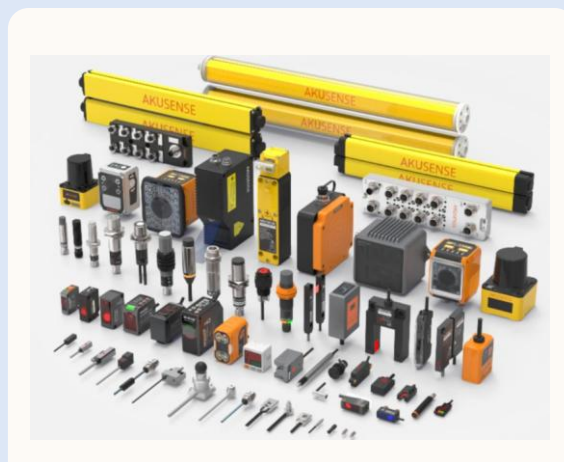

Measuring Equipment

Minebea Product

Cable, Electric Part

Sensor, Vision

Servo Press, Welding

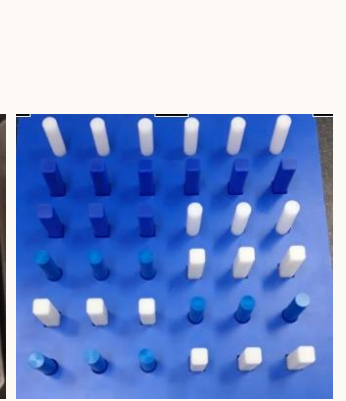

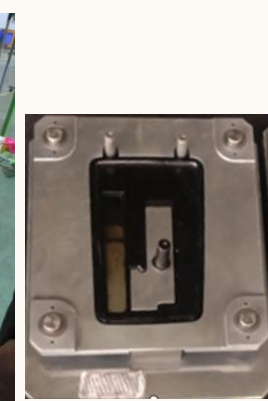

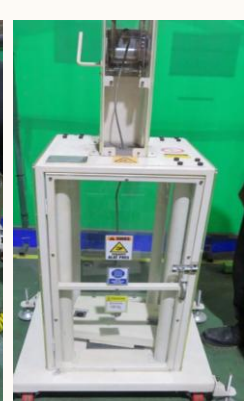

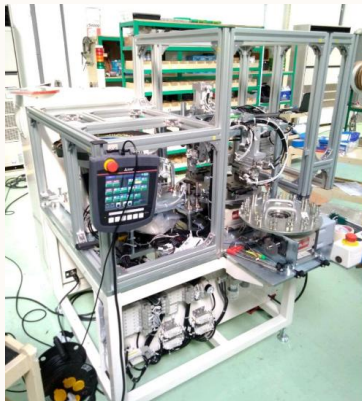

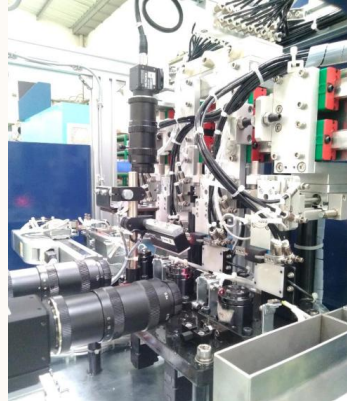

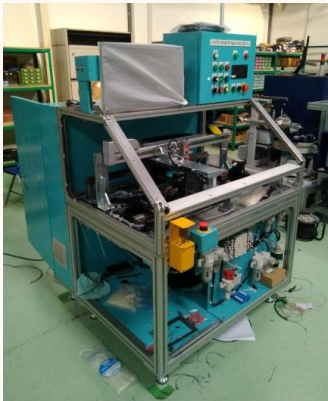

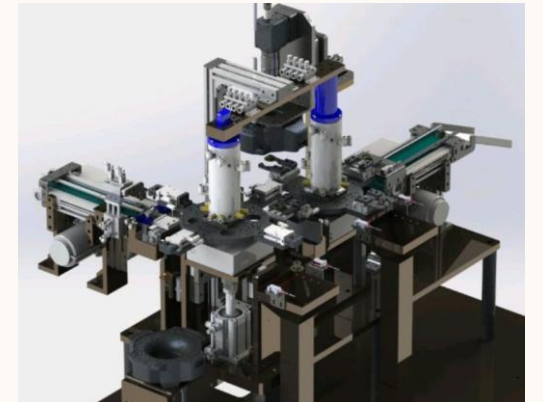

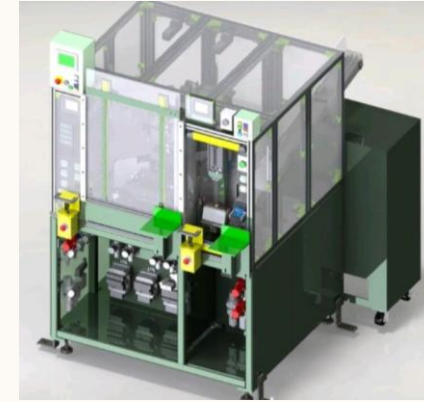

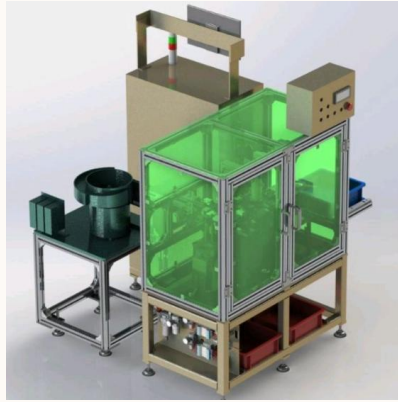

Manipulator

Pump, Motor

# System Integrator, Jig & Check Fixture

- Using high standardization for Cost, Quality, Delivery & Safety.
- Professional, More experienced for Conceptor, Designer & Electrician

Automation Industry Machine

# Digitalization By Web, Artificial Intelligence System

We will bring your company to Efficiency, Accurate, Accessible, Creative, Innovative, Security & Enhance Competitiveness.

The dashboard, titled 'SisKal Dashboard', provides a comprehensive overview of calibration management. It features a sidebar with navigation options like 'Dashboard', 'Inventaris Alat', 'Jadwal Kalibrasi', and 'Sertifikat'. The main content area includes summary cards for 'TERKALIBRASI' (147), 'JATUH TEMPO' (18), 'TIDAK LULUS / OVERDUE' (5), and 'TOTAL INVENTARIS' (183). Below these is a table titled 'Inventaris Alat Ukur — Status Real-time' with columns for instrument name, category, location, status, remaining time, and last calibration date.

ALAT UKUR	KATEGORI	LOKASI	STATUS	SISA WAKTU	KALIBRASI TERAKHIR

# With one dashboard for Quality Management System

The dashboard for 'Elearning Quality Dojo' features a dark sidebar navigation menu on the left with the following items: Materi Dojo (2), Video Dojo, Learning Dojo, Monozukuri (1), Test, Bank Soal Dojo (1), Jadwal Ujian Dojo (1), Report Dojo (2), and Setting (2). The main header includes 'Home' and 'Contact' links, a search bar, and notification icons for chat (3) and email (15). The dashboard title is 'Dashboard' with a breadcrumb 'Home / Dashboard v1'. The main content area displays four KPI cards: '12 New Materi' (teal), '53% Persentase Sertifikasi' (green), '44 User Registrations' (yellow), and '65 Unique Visitors' (red). Each card includes a 'More info' link with a right-pointing arrow.

KPI Category	Value
New Materi	12
Persentase Sertifikasi	53%
User Registrations	44
Unique Visitors	65

# Digitalization To creating real output production report

Operation Ratio

# Mechanical, Electrical & Civil

We can support Mechanical, Electrical & Civil follow high standard safety & quality.

AC Maintenance

Plumbing

Electrical Installation

Safety Gate

Landscape

# Product Mass Production

We can receive & developing product for mass production, analysis good standard process with considering quality, cost, delivery & safety with our system.

## Basic System : IATF Standard
